

MY WORD OF THE YEAR

STEP 1 - QUESTIONS

What 5 things mean the most to you right now?

What 5 things would you like to change next year?

What is the Lord highlighting as priority in your life?

STEP 2 - PRAYER

Go to the Lord in prayer. Take these questions and your answers to Him. Steal away 30 or 40 minutes (stay up late, get up early) and pray, seek God, and listen.

STEP 3 - WRITE

What do you sense God is saying? What words come to your mind? Write them all down.

STEP 4 - REFLECT

Which word or words from those you wrote stirs your spirit?

STEP 5 - BRAINSTORM

What words from Step 4 can you see applying to various areas of your life like relationships, finance, business, parenting, marriage, etc?

STEP 6 - PAUSE AND PRAY

Step away from brainstorming for awhile (maybe even a day or two. During that time ask God which word is right for you. Perhaps you'll see it, or hear it and you'll have an immediate knowing that it is the one for you for the new year.
